

Scope Environmental Management System

The Röhlig Management System meets the requirements of the ISO 9001 and ISO 14001 standards. The scope of our certificate covers “provide worldwide intercontinental freight forwarding, logistics and associated services”. In detail our products are Sea Freight, Air Freight, Contract Logistics and other services like Project Logistics.

It is our aim to be a reliable partner to our customers by creating chains of trust. We embrace our corporate values: truly reliable, forward thinking and eager for more. We set standards and monitor our services to meet our customer’s requirements, workplace health and safety and protection of the environment.

Interested parties and risks & opportunities relevant to our business were identified within the context of our organisation and included in our management system.

ISO 14001 Certification

The Röhlig Group holds a Group certificate for ISO 14001 Environmental Management Systems.

Our environmental management system is valid in all Röhlig countries. The following sites are included in the ISO 14001 certification:

- Röhlig Logistics
- USA
- France
- Spain

There are no exceptions to the ISO 14001 Standard.
